Section 1 – Introduction

This directory provides a list of network providers for Advantra. The providers listed in this directory have agreed to provide you with your healthcare and vision care, hearing care, dental care, and fitness coverage. You may go to any network provider and are not required to continue going to the same provider. To get detailed information about your health care coverage, including any coverage for non-network providers, please see your Evidence of Coverage.

Please note that some services are covered only if your provider gets approval (also known as prior authorization) from us. Prior authorization is an important process used to make sure the services you get are covered and are medically necessary. Please refer to the plan's Evidence of Coverage for information on services that may require prior authorization.

You will have to choose one of our network providers who are listed in this directory to be your Primary Care Physician (PCP). The term "PCP" will be used throughout this directory. Generally, you must get your health care coverage from your PCP. You must use plan providers except in emergency or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers, neither Medicare nor your plan will be responsible for the costs.

Your PCP is a plan provider who may specialize in certain areas of medicine such as internal medicine, family practice, or geriatrics. Your PCP can also coordinate the rest of the covered services you need. Our members do not need a referral to go to other network doctors but costs could be higher without a referral. A separate doctor office visit copay may apply for certain services.

As a member of our plan, you may go to any doctor, specialist, or hospital in or out-of-network. With the exception of emergencies or urgent care, you may have to pay more for care from out-of-network providers. PPO members do not have to select a Primary Care Physician (PCP). You can go to any plan doctor. Although you are not required to select or see a PCP, we still urge you to establish a relationship with one. Your PCP is a plan provider who may specialize in certain areas of medicine such as internal medicine, family practice, or geriatrics.

You do not need a referral to go to network doctors. A separate doctor office visit copay may apply for certain services.

The benefit information provided is a brief summary, not a complete description of benefits. For more information contact the plan. Limitations, copayments, and restrictions may apply. Benefits, formulary, pharmacy network, provider network, premium and/or co-payments/co-insurance may change on January 1 of each year.

Mental Health/Substance Abuse Services

Inpatient and outpatient mental health and substance abuse benefits are provided by MHNet. MHNet has a large network of licensed and certified professionals, covering a variety of specialties to address your emotional wellness needs. You do not need to get a referral from your primary care doctor. For questions on mental health and substance abuse benefits please call 1-800-835-2094, 24 hours per day, 7 days per week. TDD/TTY users please call 711.

Requests for Payment

If you receive a bill from an out-of-network provider, submit the information to the plan – please do not pay the bill directly. We will review the information you provide and will notify you if you are responsible for any costs. You must submit your claim to us within 365 calendar days of the date you received the service or item. Contact the plan for more information on how to submit a bill.

Medical Emergencies

In a medical emergency, get help as quickly as possible. Call 911 or go to the nearest emergency room, hospital, or urgent care center. You do not need to obtain prior authorization or a referral from your doctor or other network provider before seeking treatment. Please notify the plan as soon as possible to let us know about your emergency so we can follow up on the care you receive. For more information on getting care in an emergency, please see the plan's Evidence of Coverage.

Introduction

This booklet provides a list of Advantra's network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and Advantra's formulary.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under Advantra only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of 09/2013. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can go to all the pharmacies on this list, but your costs may be less at certain pharmacies in this list, which we have listed as preferred or non-preferred pharmacies. We call these pharmacies preferred pharmacies, and they may offer lower cost-sharing than other non-preferred pharmacies.

This directory is for Western Pennsylvania*.

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact Advantra.

To choose a pharmacy to meet your needs, first select the type of pharmacy, found at the top of each page, then look for the state, county, city and pharmacy name.

This directory of network pharmacies is divided into sections by pharmacy type. The pharmacy types are:

- Preferred Retail Pharmacies, including Chain Pharmacies
- Non-Preferred Retail Pharmacies, including Chain Pharmacies
- Mail Order Pharmacies
- Home Infusion Pharmacies
- Long-Term Care Pharmacies

All pharmacies listed in this directory are available to all enrolled members.
